FLOWFAST

FAST-TRACK MMA FLOORING FOR

INDUSTRIAL & COMMERCIAL APPLICATIONS

Flowfast, our fast track MMA floor coating system, allows clients to regain full use of their environment under a quick turnaround, with floors in industrial or commercial environments ready to use just two hours after application.

Using a methyl methacrylate (MMA) resin system can accelerate construction programmes associated with new build or refurbishment projects.

Flowfast systems offers excellent, abrasion, wear, stain and slip resistance, can withstand thermal shocks and impact, and delivers a joint-free easily cleaned finish. Available in a creative blend of colours and textures, Flowfast is ideal where a new floor needs to be installed quickly.
